December 1–4

Roger Oakland

ROGER OAKLAND is founder of Understand The Times International (<http://www.understandthetimes.org>). Over the past 20 years he has lectured at numerous churches, universities and educational facilities in over 35 countries. He presents a biblical worldview of the past, as well as an understanding of the present and an insight into the future based upon a biblical perspective, with a twofold aim to strengthen the faith of believers and to challenge unbelievers about the deception in which they believe. A former biology teacher, who believed and taught evolution, Roger is a zealous promoter of biblical creation. He has authored and co-authored numerous books and produced audiotapes, videos and other publications that have been translated into several different languages worldwide. One of his books, *The Evidence for Creation*, has over 300,000 copies circulating in the former Soviet Union, a location where he has travelled and lectured over 30 times since 1990.
